Joe Sailor  
123 Davey Jones Locker  
Port Huron, MI 48060

Joe,

On behalf of the NSCS Grayfox TWR 825, we thank you very much for your contribution to the Grayfox. Your contribution has a significant impact to the maintenance and continuance of the Grayfox program.

The Grayfox receives some funding from the training of Cadets; however, this is not sufficient for the maintenance of the ship. Pending challenges include USCG certification and a shipyard maintenance period; ship surveys, hull preservation, safety equipment certification, insurance, and miscellaneous repairs.

I appreciate your dedication and commitment to support the Grayfox, development of our Sea Cadets and Youth, and sea service community.

We invite you to join us for some events this 2015 season. If you have questions, you may contact me at 248-467-1204 or through the Grayfox website [www.nscsgrayfox.org](http://www.nscsgrayfox.org)

The Grayfox Association, NSCS Grayfox TWR 825 is an incorporated non-profit 501 c3 association.

Sincerely,

Jim Semerad  
Commanding Officer
